

Hello Friends!

It came to our attention that the pattern designed by North Memorial fits most people, however, some people found the mask to be a little tight. So, we have increased the size of North Memorial's template to make a slightly larger mask.

Using the large template, follow the same set of instructions set forth by North Memorial.

During assembly of the front and cheek/mouth pieces, if you find there is a bit of extra fabric, ease it into the mask by pinning before you sew.

Happy Sewing,
The Noble Quilter

Face

- Fold fabric in half, right sides together
- Cut 2
